TWO CENTS

NEIGHBORS AND FRIENDS HELP TO DEDICATE SHOWERS' COTTAGE

Energetic Lone Fiddler Furnished Music for Terpsichorean Devotees

AGED AND YOUNG WERE PRESENT

The Mail has received information from Miner's Bay, Ontario, Canada, regarding an event that occurred in that vicinity recently, in which one of Charleroi's leading citizens played a conspicuous part. Mr. and Mrs. Lee Showers are spending the month of August in the Canadian woods, about one hundred miles north of Toronto, on an island in Gull Lake recently purchased by Mr. Showers. Having just completed a cottage which is unique in design, commanding in location, pretentious in size and commodious in equipment, he very generously complied with local custom by sending invitations far and wide for his friends and neighbors to come and inspect his island home.

They came to the number of one hundred, and after their departure Mr. Showers discovered that one detail overlooked in the construction of his cottage had been supplied by his guests, namely polished floors. This was accomplished, not by arduous effort of the manual sort, but by terpsichorean art of the pedal variety, whereby a solitary fiddler whose squeaky notes and animation were both in the superlative degree, produced the results of real labor, but made it truly joyful, though perspiration was much in evidence.

The refreshments served were of the kind and quality evidently wisely selected. The illumination, though primitive, was brilliant. The flora and fauna decorations obtained from the "bush" and lake approached the gorgeous. Included in these was the skeleton head of a 15-pound lake trout landed by the host a week prior. Mr. Showers' well known modesty had to be overcome before this latter mural decoration could be exhibited.

Among the guests were both tourists and settlers' families. The latter including from babes in arms to those whose feet were not as light as their spirits, hence more willing than able to add their share of polish to the floor. They came on foot, by automobile and by a score of water craft, the last ones arriving about midnight.

Owing to Mr. Showers' local reputation for temperate habits, our informant does not wish to state at what hour this elaborately staged and successfully executed social function ceased to function. But the young man who made a three-hour round trip in a canoe for his girl probably paddled at least part way home under stronger illumination than that provided by the moon or stars.

I will collect that rent, positively in advance and guarantee no vacancies. Clyde B. Cope, Real Estate and Insurance. 315 McKean avenue. 21-tf

SEIZURE OF BOOZE UPHHELD BY COURT

Liquor seized by prohibition agents in a place of business, where the offenders are armed with a search warrant, regularly issued, will not be returned to the owner. This was the ruling made in the Federal Court at Pittsburgh on Thursday by Judge Orr, who refused to give back \$8,000 worth of whisky confiscated at the saloon of Severn Karwoski, 2520 Carson street. The saloon man had petitioned for the return of his wet goods.

NEW RATES MAY REDUCE TRAVEL

The new passenger fares on all railroads, which become effective on the 26th of this month, will materially increase the expense of riding on all railroad passenger trains. The increase will vary from 15 to 35 per cent, depending upon the character of ticket and distance to be traveled. From Charleroi to Pittsburgh the new fare will be \$1.60, instead of \$1.32, the rate now prevailing. Commutation tickets between Charleroi and Pittsburgh will cost something over \$19.00 under the new rates, instead of \$15. as at present. Railroad officials anticipate that for a time there will be a decrease in traffic, but just as soon as the people become accustomed to the new rates they will again travel by rail. The new rate will average 3.6 cents per mile for local passenger tickets.

PRETTY WEDDING ON THURSDAY EVENING

The apartments of Mr. and Mrs. W. J. Palmer, on McKean avenue, were the scene of a very happy evening Thursday evening when Miss Helen G. Fry of Monongahela and Mr. Clare E. Whitehill, of Donora, were united in marriage by Rev. F. C. Lake, of the Charleroi Christian church. The wedding march was played by Mr. Fred Lindauer. Miss Anna Malley and Mr. Michael Kosh of Donora were bridesmaid and groomsmen. After the ceremony the newly wed and about twenty guests repaired to the beautiful dining room of the Wellington hotel where a delicious and satisfying wedding dinner was served. Mr. and Mrs. Whitehill will make their home in Donora, where he is engaged in the undertaking business.

Madam Zelenski of Meltz & Zelenski, the Woman's Store, 411 McKean avenue, Charleroi, has left on a buying trip to New York in interest of their millinery department which has become the ladies' leading hat shop of the city and surrounding. Arrivals of the very distinctive pattern, tailored and semi-tailored hats, the latest styles of Paris may be seen in their newly remodeled millinery department. The prices are very reasonable, ranging from \$4.98 up. 64-tf

FAVOR DEALS FOR PAY BY STATES

Miners who attended the conference of the joint scale committee of the central competitive field composed of Illinois, Indiana, Ohio and Western Pennsylvania, held a policy meeting in Cleveland on Thursday morning, following the failure of the joint conference to agree on the miners' demand for increased wages, and adjourned sine die, after voting unanimously that miners in each of the four states will seek to make a supplemental and separate agreement with operators in the field. This practically disrupts the central field as a bargaining point.

The miners' meeting was not only attended by delegates from the central field, but many from other districts, which follow closely the agreements which have heretofore prevailed in the central district. It is feared that local strikes may be the result of the failure of the conference to reach an agreement, although there does not yet appear to be any disposition among the miners of Western Pennsylvania to quit work on account of the differences. It is possible that local district officials will now take up the task of attempting to come to some agreement with the operators, by means of which the alleged inequalities in the wage scale may be rectified.

STEELWORKERS TO HOLD OUTING TOMORROW

The big picnic and outing of the employees of the American Steel and Wire company at Donora, will be held tomorrow at Charlesworth's grove, north of the town, and if the day is at all favorable, the attendance is expected to be quite large. The outing will take place rain or shine, and many of the citizens of Donora, as well as business men, will take advantage of the opportunity to enjoy a day in the woods. The grove has been put in fine shape for the outing, and a fine program has been arranged for the event.

RETIREMENT ACT IN EFFECT TODAY

The Retirement Act, recently passed by Congress, became effective today, and in many cities and towns throughout the country many Government employees have been retired on age, with a pension. In Chicago, where 135 postoffice employees were retired on pensions over their protest. They claim the pension provided in the act will not support them.

Governor Cox pledges the Democrats to reduce taxes at Washington. In view of their record this is about like pledging the Mexicans to quit fighting.

DEFENDANT PLACED ON WITNESS STAND

Andre Nishporuk, on trial for murder in the Washington county court, took the stand on Thursday in his own defense. Nishporuk is charged with having beaten his wife so cruelly that she died a short time after being found in an open field in Peter township, on March 17 last. Nishporuk was captured in Pittsburgh and brought back to Washington county for trial. District Attorney Erwin Cummins is asking for a verdict in the first degree, and it was with the idea of saving their client from execution that he was put on the stand by the defense. The impression was that he did not materially help his case by the statements he made.

John Leitch McVicker.

John L. McVicker, one of the best known mining men in this section of the Monongahela valley died, in the Memorial hospital, Monongahela, this morning at 5:20 o'clock, after a lingering illness, aged 62 years. He is survived by his widow and six children, as well as a number of brothers and sisters.

Mr. McVicker was a former resident of Roscoe, and for a number of years was employed by the Alps Coal company. At the formation of the Monongahela River Consolidated Coal & Coke company he was made a district superintendent, and for a number of years was in charge of the mines in and about Monongahela. Leaving this company he engaged with the Pittsburgh & Buffalo company, and for some time was in charge of the big mining operations at Marianna. Leaving there he went to Duquoin, Ill., where he was in charge of the mines of Joseph Leiter for many months.

Returning to Pennsylvania he engaged with the Valley Camp Coal Company, and at the time of his death was still in the employ of that company. During the past several years Mr. McVicker was the expert mining man for the Valley Camp company, and it was while on an inspection tour of one of the mines owned by the company that he received a fall which it is believed brought on the condition which finally resulted in his death.

Mr. McVicker was prominent in Scotch circles of the valley, and took part in all gatherings that concerned the people of his home land. He was a member of the Presbyterian church of Monongahela, and was also identified with many Masonic bodies. Time of the funeral services will be announced later.

Some candidate will eventually sweep the country by running on a platform favoring a two-hour workday and no work during the two hours.

COMMISSIONERS WAITING FOR THE OFFICIAL ANNOUNCEMENT

COMMON LABOR AT A NEW HIGH RATE

A record high rate for common labor in the Pittsburgh district was established by building contractors Thursday night, when they signed a scale with laborers and hod carriers. Laborers will receive 80 cents an hour, or \$8.40 for eight hours. Hod carriers will receive \$1 an hour, or \$8 for an eight hour day. Incipient strikes was the cause of the building contractors making an agreement with labor in order that work might go on without interruption.

IS CHARGED WITH USING FIREARMS

Martin Manella, of Vestaburg, charged with two counts of felonious assault and battery, was placed on trial before Judge James I. Brownson in court at Washington on Thursday. The prosecutors in the case are Julia Fadorchik and Felix Prihodich, two residents of Vestaburg, who allege that Manella shot them with a shotgun.

Julia Fadorchik conducts a boarding house at Vestaburg, where Felix Prihodich boards. Manella lives in the next house. On the evening of April 11, 1920, Prihodich and Julia Fadorchik were returning home when some one shot at them with a shot gun. They claim it was without warning, and they charge Manella with firing the shot.

Julia Fadorchik was struck in the right hip, and it was necessary to remove her to the Brownsville hospital, where she remained for several days. Prihodich was hit in the left forearm. It appears there had been some trouble between the two prosecutors and the defendant, and the prosecutors charge that he fired the shot in retaliation for some fancied grievance.

Manella claims he was not at his home at the time of the shooting. It was brought out at the trial that the trouble started last fall, when Manella was convicted in court of a crime and served a sentence in jail. Julia Fadorchik and Felix Prihodich were two of the witnesses against him.

LEG BROKEN IN ROSTRATER MINE

Thomas Gartland, whose home is back of Belle Vernon, was injured in the Rostrater mine on Thursday by a fall of slate, one leg being broken below the knee. The Charleroi ambulance was called and the injured man taken to the Charleroi-Monessen hospital. Gartland is a former service man, and was with the A. E. F. in France, serving for many months abroad without any injury. Dr. Vieslet was called to attend the injured man.

Will Register Women Soon As Amendment Is Proclaimed

WORK MUST BE DONE QUICKLY

Washington county commissioners are waiting until the suffrage amendment has been proclaimed by the National government before taking any steps looking toward the registration of women. Today will decide whether the lower house of the Tennessee legislature will vote for a reconsideration of the measure, which passed that body on Wednesday by a vote of 50 to 46. It is said that 47 members have signed a petition for reconsideration, but this number is not sufficient to carry such a resolution. If no further action is taken by this body, then it is likely that Secretary of State Coby will proclaim the amendment a part of the National Constitution, and that will settle the matter.

This proclamation the commissioners will then direct the various assessors in the county to assess and register all women who are eligible to vote, and this will be quite a task. However, with co-operation it can be accomplished.

The amount of the assessment to be placed against each woman voter will also be announced by the commissioners, so that taxes can be paid, in order that those who desire may be able to comply with the law as to the payment of taxes. Allegheny county has all arrangements made for assessing and registering women, and has placed the valuation that they may pay their taxes. Other counties in the state will do the same thing, and if everything moves along at a favorable rate there is no reason why the two million or more women of Pennsylvania who are eligible to the ballot should not be able to vote at the general election in November.

It is said that Governor Sprout has been advised that no further additional legislation will be needed to allow women to vote, although at the present time the constitution of Pennsylvania limits the franchise to the male sex. However, at the coming election the voters will pass upon a joint resolution proposing an amendment to section one, article eight, of the state constitution, which provides that every citizen, male or female, shall have the privilege of voting if they have the necessary qualifications. There is no question but what this amendment will be adopted. In the meantime the women are anxiously awaiting the proclamation that the amendment is a part of the National constitution, after which those so desiring will undoubtedly enroll as voters.

INHERITED WEALTH
 The death in Paris the other day of William K. Vanderbilt brings to mind a newspaper statement made by him some years ago in which he said: "My life was never destined to be quite happy. It was laid along lines which I could not force, almost from earliest childhood. It has left me nothing to hope for, with nothing definite to seek or strive for. Inherited wealth is a big handicap to happiness. It is as certain death to ambition as cocaine is to morality. If a man makes money, no matter how much, he finds a certain happiness in its possession, for in the desire to increase his business he has a constant use for it. But the man who inherits it has nothing of this. The first satisfaction and the greatest, that of building the foundation for a fortune, is denied him. He must labor, if he does labor, to add to over-sufficiency."

Vanderbilt, speaking from experience, was correct. Inherited wealth is more of a handicap than an advantage. A wise old father once expressed it this way: "I don't care to leave my sons much money. If they are any account they will make all they need, and if they are not any account a fortune would only emphasize their worthlessness." Which is mighty good philosophy when you think it over.

LANSING'S WORDS
 The more you consider the part of Candidate Cox's speech dealing with his complete endorsement of President Wilson's League of Nations Covenant the more you appreciate the words of Secretary Lansing, who was politely "fired" from the cabinet because he differed in some of his opinions with the President. Mr. Lansing in Paris, shortly after the covenant had been agreed upon, declared: "I believe if the Senate could only understand what this treaty means and if the American people would really understand it, it would unquestionably be defeated, but I wonder if they will ever understand what it lets them in for."

Thanks to the courageous stand of the Republican members of the Senate some time was afforded the American people to "understand what it lets them in for." And the more time they have to consider it the more they realize what they have escaped. **"WHAT HE PROMISED—"** Cox, who is absolutely at one with the President, is as forceful as the President in giving assurance of fulfillment of pledges, though he uses different language. The Wilson assurance was that "our platform pledges are not molasses to catch flies; they are made to be kept while in office as well as to be relied upon during the campaign." And he proceeded to break practically every pledge the platform made. Mr. Cox says "the platform of the Democratic party is a promissory note. I shall see that it is paid in full." Possibly some of Mr. Wilson's molasses will get smeared on the note so that it will be illegible by 1921. But that is immaterial; the country is not going to call upon Mr. Cox to fulfill any pledges.

COUNTRY CLUB IS DEVELOPING PLAYERS
 The golf links, at the Country Club draws many business and professional men every day, who try their skill in "shooting the ball" for good scores. Quite a number of members are making rapid progress in learning the tricks of the game and it is not improbable that a number of players will be developed. The season opens in the fall and the players have been working on themselves. Charleroi will have some skilled performers in this line when the players have become a little more experienced in the fine points of the game.

ALLEGHENY COUNTY TO ASSESS WOMEN
 The Board of Assessment and Revision for Allegheny county, at a meeting held on Thursday decided to assess the women of that county in the court house, and to fix a uniform valuation of \$150 for assessing the occupational taxes of the new voters. This uniform assessment will apply to all women in the county except two classes, those owning their own property and who can vote on presentation of the tax receipts, and those who will vote on age. Work of assessing will not begin until the nineteenth amendment has been proclaimed by the Secretary of State, which will leave but little time for this important work.

MOUNTSEY ESTATE DIVIDED BY WILL
 Augustus R. Mountsey, of Charleroi, who died at the home of his daughter in Elizabeth a short time ago, in his will filed for probate in the register's office in Allegheny county on Thursday, disposes of an estate valued at \$22,000. He directs that \$25 shall be paid monthly to a sister, Henrietta Mountsey, during her life, and that the balance of the estate be divided equally among the following children: S. Ruth Mountsey, R. Carl Mountsey, Robert Mountsey, Mabel Mountsey, Edith Henry and Althea Walker.

ROBBERS STEAL MONEY AS WELL AS AUTOMOBILE
 Highwaymen appear to be more insistent these days than ever before. A case in point comes from Fayette county where three masked men, with "revolvers," robbed Mike Ellien, well known Brownsville confectioner, of his Lexington car and about \$25 in money, which he had in his pockets when Ellien was stopped on the roadway Wednesday night near Republic. After the robbers had relieved Ellien of his money they compelled him to get out of his car, when they got in and drove away.

DECREASE IN NUMBER OF PLEASURE CAR LICENSES
 There has been a decrease in the number of motor vehicles used for pleasure licensed by the State Highway Department during the first week of the last half year period this year, as compared with the same period in 1919, but the commercial applicants for licenses have increased in number. In 1919 there were 12,639 licenses issued during the first week, and this year the number was 10,074, or a decrease of 2,565. Last year the receipts were \$61,025, and this year \$52,467.86, or a drop of \$8,557.20.

SOME CARS ARE BEING PLACED FOR WAGON MINE
 It was noticed that a few cars have been placed within the past few days for local wagon mine loaders. Whether the Public Service Commission has made a change in its ruling or not is not stated. It is said that all wagon mines in this district have been placed in Pool 39, and a maximum price fixed for the coal. The price is said to be much lower than that which has been prevailing, and one which will leave but little profit for operators of these small workings.

SIMCO CRUDDOLEUM

EFFICIENT DANDRUFF COMBATANT

Is endorsed by professionals everywhere. F. J. John, who is the agent, is authorized to return the purchase price if you are not satisfied with the results of using CRUDDOLEUM.

There is no secret of what gives it its snap and sparkle. Its rich light color and high natural purity. CRUDDOLEUM is a high-grade of pure petroleum, that seems to have caught the very freshness of the sand and rocks through which nature had filtered it free from uncombined sulphur and carbon; it is wonderfully cleansing and antiseptic.

You may find many a bottle labeled "Petroleum," but there is only one SIMCO CRUDDOLEUM.

The name SIMCO is a mark of excellence, a mark of a dependable firm which is careful to select chemical quality; it is a guarantee of a superior product. Just go down to the F. J. John Drug Store, throw down 35c and say CRUDDOLEUM, will solve your hair and scalp problems. Let us prove to you by actual trial, at our expense if it fails, how this step has helped many others. If your druggist cannot supply you, send us 40c and we will forward you half a pint bottle by return mail. Wm. M. Simpson Drug Co., Wholesale Druggists, Wilkesburg Station, Pittsburgh, Pa.

They Don't Need Much Sugar

Old fashioned housewives canned by the open kettle method, and required a great deal of sugar to keep the fruit. When sugar was scarce or high they canned very little.

The scarcity of sugar this year is making little difference in canning. The cold pack method not only makes vegetable canning safe and advantageous, but it permits fruit canning to be done in a very light syrup. With our equipment, fruits may be safely canned without sugar.

We have all sizes Jars, Covers, Good Luck Jar Rings, Wrenches, Wax, Ladles, Funnels, Tops, Sieves and Strainers, Handy Jelly Bag or Strainer with table attachment; wood spoons, enamel, aluminum, tinned Basting Spoons, all sizes; Fruit Jar Racks, used in the wash boiler, Handy Fruit Jar Holders. Everything you will need for canning fruits and vegetables.
